För femton år sedan tog Martin Norberg de första professionella bilderna på Broder Daniel under en blöt natt i hans studio. Bland resultatet fanns den famösa nakenbilden som strax därefter publicerades i Nöjesguiden och bidrog till att ge bandet sitt efterhängsna rykte som desperadorockare. Sedan dess har Martin följt dem i spåren, tagit bilderna till två skivomslag och han var med på scenen under gruppens slutgiltiga farväl på festivalen Way Out West i Göteborg sommaren 2008. Fotografierna i den här boken berättar historien om hur ett gäng tonåringar blev ett av Sveriges genom tiderna mest hatade, älskade och kanske även viktigaste rockband. Klas Ekman, som var med och gjorde den 18 sidor långa intervjun med Broder Daniel i Sonic 2001, har träffat gruppmedlemmarna under hösten och fått en massa nya historier och kommentarer. Vägen går via kaotiska spelningar och Fucking Åmål-genombrottet till den stora comebacken med Cruel Town, det som kom att bli Broder Daniels sista album, och det tragiska slutet. Och hur de, utan att själva riktigt veta hur det gick till, startade en helt egen subkultur längs vägen.
